January 25, 1983

To whom it may concern:

This letter is being written to give support to PF Lazor. I will provide facts on myself and PF based on what I know.

My name is Deborah A. Belcher/Tittle, RDH. I am Registered Dental Hygienist working as a Hygiene Dept. Supervisor, Periodontal Coordinator, and clinician for Southbay Health Center in San Jose, CA. I am 27 years old, married to a successful businessman, home owner and have lived in California since August 1963.

I first met PF in 1980 when my best friend DebRenee Hartley and I went to The Garrit in Campbell to see the "Buddy Holly" show. PF was the band leader of the group. DebRenee introduced us to each other that evening. It was the beginning of a close relationship between PF and DebRenee. During that relationship I got to know and see more of PF. He was always curious, pleasant and helpful with me.

PF Lazor and DebRenee became involved in the business Neo-Life. They were successful primarily due to PF's energies. They signed me up as a Neo-Life Distributor in Oct. 1980. He was very supportive and informative throughout my activities associated with Neo-Life.

In 1981 PF and DebRenee continued to remain good friends, even though they no longer lived together. I also remained friends with him. When I left my residence at 16935 Roberts Rd. in Los Gatos November 1981, I invited PF to use the house for a Lost Gatos area "headquarters" and place to stay. We agreed

to keep the P. G. & E. bill in my name. PF was very prompt in reimbursing me for the total utility bill every month. In 1982 he informed me that he had contacted the owners to arrange a system whereby PF became responsible for the property and tennents; i.e. collecting rent.

I have invited PF to my home on several occasions. He has always been a gentleman to myself and my guests. To my knowledge he doesn't drink alcoholic beverages, smoke or use illegal drugs.

I consider PF Lazor as my friend. I have trusted him in the past and I will trust him in the future. In my opinion he has a consistant, energetic, possitive personality. I will do what I can to support PF Lazor in his life's decisions.

Sincerely,

Deborah A. Belcher/Tittle, RDH
