

AFFIDAVIT OF JO CHAPMAN

I, Jo Chapman, declare that the following statements are true and correct, based on my personal observation, knowledge and interactions with PF Lazor:

I am Jo Chapman and I live at 7376 Hillsboro Ave., San Ramon, California. I am a real estate broker and have been in real estate for 15 yrs. in the San Ramon Valley. I also have been very involved in Kairos which is prison ministry for the last 5 yrs. I am currently the National Representative for the State of California to Kairos, Inc. in Florida.

I have known PF Lazor for approximately 1 year. I met him while I was working as a team member for a religious weekend at the California Medical Facility at Vacaville. I had a lot of time to talk with PF that weekend and we shared at a very deep level as a result of being on that particular weekend. I saw PF several times after that weekend when I would make visits to the institution at Vacaville. Each time I was there, PF and I spent a lot of time talking about each of our lives. We also shared letters and I feel PF and I became friends.

PF was always very attentive and compassionate to the situations in my life. During my years as a prison volunteer I find that most inmates want to concentrate on their own situations and don't have the time or inclination to listen to any one else's problems. PF was one of the exceptions to that rule. He talked of his present situation but also had time to listen to others. I admired that trait in him. He shared many of his songs and poetry with the group and they reflected a great spiritual depth and his love of mankind. Many of the men and women on that weekend expressed their appreciation at PF sharing his feelings with them through song.

Through his sharing, other men were challenged to share their inner most feelings. We all benefitted from PF's presence on those weekends.

PF shared with me about his fiance and her children. He was very concerned about being a good father to the children and really prayed that he would eventually be there to aid in their proper development. I respect that trait in any man. I always felt that PF was a decent man who just wanted a chance to prove his innocence and begin his life on the outside over again.

I will pray for the wisdom to review this particular case fairly and if the evidence proves this man innocent, that he will be released immediately and allowed to start his life over and make those dreams of being a good father and husband a reality.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.
