Dear Sirs;

This letter is in regard to the recent conviction of Mr. Lazor, an bussiness associate and friend of me and my wife. I was shocked that such a decision could be made by our justice system. I have known P. F. Lazor for almost two years now, and have had the occasion to have a dispute with him twice. On one occasion, when he notified me of a rent increase I called him and called him a selfish and greedy individual. He handled me with much ease and tact. I beleive I called him numerous names and he at no time lost his cool. With this in mind, I cannot believe that he was, or is now capable of any violent act unless it is or was in self defense.

I feel it is my duty, not only to Mr. Lazor to try to rectify this situation.,but I feel that I also owe this to the American people, to assure proper justice is served in the way for which we all beleive and trust.

Feel free to call me for any further information, for I truly feel justice has not been served.

Sincerely
Randy Probasco
