

AFFIDAVIT OF RENEE LOUISE MCMILLEN

I, Renee Louise McMillen, declare that the following statements are true and correct, based on my personal observation, knowledge and interactions with PF Lazor:

My name is Renee Louise McMillen and I presently live in Uintah, Utah. I have a Master Degree in Education, and am certified to teach Special Education. At the present time I am not working due to rearing my two children.

I have known PF Lazor since childhood for we grew up as neighbors. PF and I's friendship has been steadfast and harmonious, enduring long absences without communication. I visited and communicated with PF most frequently during the 1960's and 1970's.

During our youth PF was a steady, sincere young man. He was very industrious as far as buisness and goals. PF had many talents in the Fine Arts and was forever pursuing building his career in the development of these talents. He would often direct his interest into one project until it's completion and then move on to other facets of his talents. During our High School years PF was well liked, and befriended youths of respected community members. It was always a welcome surprise to see PF again, for he would have another project pending or on having completed a project would share the joy of that work with me.

PF was generous with his time and work. He drafted a logo of professional quality for my parents business and presented it to them as a gift. The labors of completing his book Unsung Memories were generously shared with his friends.

I would have been willing to testify as a character witness in PF's behalf at the trial in 1983, but I was not contacted.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.
