## AFFIDAVIT OF SIDNEY REINERS

I, Sidney Reiners, declare that the following statements are true and correct, based on my personal observation, knowledge and interactions with PF Lazor.

I am Sidney Reiners, president of the Christian Forum Research Foundation and a professional educator employed by School District 318 in Grand Rapids, Minnesota.

In 1985 I heard of the case of PF Lazor from his brother John, a minister. When I contacted PF for documentation he responded with intelligent, logical evidence pertaining to his case. Consequently, in the summer of 1986 I traveled to San Quentin to discuss his case with him personally.

Throughout three days of intensive discussion in which I asked every question that came to mind I found PF to be completely open, very patient in reviewing the details of this complicated case, never having to amend his recital of events, not resentful or hostile toward anyone, not self-pitying, only eager to clear his good name and get on with his life. I have found this pattern to hold in all my contact with him. He is exceptionally intelligent, creative, and abounding with ideas for constructive projects.

I would be glad to testify in a court of law relative to Mr. Lazor's character at any time.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.
