Subject : **KAIROS**

I received your letter dated December 15, 1993, and I was somewhat concerned about the message.

You seem to believe that the Kairos Program has been dissolved or abandoned. Let me assure you this is not the case.

I do, however, have some concerns about the program that I am trying to resolve through the assistance of J. C. Walkley, C Facility Program Administrator, and members of the Kairos Ministry.

Please be assured that I will not make a decision about the future of the program until I have addressed each of my concerns.

I thank you for offering your input and observations, they have been quite helpful.

THEO WHITE
Warden
