

## **FUN SONG**

7-12-15  
(#54)

**REFRAIN:** Get yourself a fun song,  
carry it all along —  
in the night, in the day,  
where you work, where you play.  
It may be the only way  
to keep a bit of sanity  
while keeping some humanity  
in a world gone quite insane . . . and inhumane.

1. Time to fix that leaky mental faucet  
that's been drippin' all that trippin'  
in your thoughts you thought were not all wet.  
They never dried out as you looked for that hideout  
caught in what you thought was a bought-out safety net.

**[INSTRUMENTAL (OF VERSE SECTION)]**

2. All that double-dealing, all that emotional stealing  
tends to make you lose track of what you forgot to forget.  
One day you'll find you've completely lost your mind  
making mental wagers of the kind you shouldn't have bet.

**[REPEAT REFRAIN]**  
**[REPEAT INSTRUMENTAL]**

3. All your life you've been wishin', you've been missin'  
you've been fishin' but you haven't caught anything worthwhile yet.  
Always investin' in further indigestion — of your life  
where you can't even pay your way out of the debt.

**[REPEAT REFRAIN]**  
**[REPEAT INSTRUMENTAL]**

4. **[REPEAT VERSE 3, AND FADEOUT AT END]**

**[END]**
