

LIFE'S OUR PLAYGROUND, SUZY!

1-3-10
(#1)

1. Our time has come, with love so dear,
our toys of joys, our girls and boys, in family-sphere.
Life's puzzle we have finally pieced together, as one
She & me, my sweet Suzy, our life has just begun
. . . we'll take our stand, with flames of our passion fanned !

CHORUS: Life's our playground, Suzy !
With you & me, together we will stand our ground.
Life's our playground, Suzy,
so let our love abound,
. . . this love we've finally found.

2. Our spring has come, it's in the air,
I twirl you round a romance dance that found us there.
I take you in my arms, I take you as my Wife
I take you as my all, my girl for all my life
. . . That's where we stand, better than we'd planned !

[REPEAT CHORUS]
[SWEET INSTRUMENTAL]

3. It's magical; a miracle,
the sound like paradise, so nice, it's lyrical.
I'm so content with everything I've found in you
And every day I want you more around me, too
. . . Come take my hand, against all odds, we'll stand !

Life's our playground, Suzy !
from here into eternity my life is yours !
I love our playground, Suzy,
Your heart in mine, our love will open any doors !
. . . Here's our playground, Suzy . . .

Life's our playground, Suzy
I'll never let you go, I'll always stay around . . .
