

LION OF JUDAH
(Live Free or Die !)

5-13-15
(#46)

1. **Raise your banners on high !
Unfurl them into the sky.
Raise your courage, your faith and your steel,
we will *live free or die* !**
2. **Doubts be damned, we'll have none.
Like a phoenix, rise to the sun !
We'll see victory, through to the end
until right and righteousness have won !**
3. **Not for the slothful or meek.
Not for the lame or the weak !
Spit in the eye of daunted hope and fear,
the adversary's downfall is near !**

[INSTRUMENTAL, X 2]

4. **We'll press, forge on and prevail;
even set back, we'll not fail !
With brav'ry we go to engage our foe,
churn them out, we will rout and assail !**
5. **They crossed the line in the sand;
in defense we must make our stand.
If we don't stop them here, they will take all that's dear:
our women, our children, our land.**
6. **We *must* win if we are to save
anything more than living as a slave;
or dying at the hands of the oppressor's tyranny,
better, die in battle `midst the brave . . .**

[INSTRUMENTAL, REPEAT INTO FADEOUT]

[END]
