

LOVE

10-2-13

REFRAIN

VERSE: 1. Love, love, love, love, love,
Lo-o-o-o-o-ove.
Love love love love love.
Live, live, live, live, live
life to the fullest
by love, love, love, love.

Love your brothers, love your enemies
no matter what they do.
For it's not for them
that you do this most loving thing;
the greatest benefit
is for you.

2. Love will find a way
if you nurture it;
you must grip, not let it slip, away.
The love you nourish in you
wi-ill flourish in you
— exercise it every day.

For love never fails
it will forever prove itself true;
it's you who must not fail love.
Don't let the hate of the world
chart a course for you;
love's the greater power you're made of...

[REPEAT REFRAIN-VERSE]
[INSTRUMENTAL]

3. The way of love isn't
always the easiest,
where mercy is sewn in its seams.
For love to prevail
be the source, be the catalyst,
even to those who've robbed your dreams.

For you must be the initiator
of the power of love
in the midst of torrent pain!
No matter what they do
no matter how injustice hammers you
make love in you rise above and reign!

[REPEAT REFRAIN-VERSE]

[END]
