

LUNATIC LOGIC

5-31-14
(#57)

REFRAIN/ It's just more and more
HOOK: of what lowers your score
till even your friends can't take anymore
(of your)
Lunatic logic !
Lunatic logic !

1. Your friends all distance themselves from you
a little at a time ever-subtly.
But something's in the way that grows bigger every day
it's called "ego" — and it blinds its prey — they can't see:
Their lunatic logic ! Lunatic logic !!
Your lunatic logic ! Lunatic logic !!
2. A little bit of power goes straight to your head
and seats you as the king of your universe.
But it's only in your mental realm that you're at the helm
in a mind too blind to find it's a kingdom of a curse !
In your lunatic logic ! Lunatic logic !!
Lunatic logic ! Lunatic logic !!

[REPEAT REFRAIN / HOOK]

3. A little bit of time passage and — there you go again
we thought maybe you were fixed for awhile.
But this kind of curse seems to go from worst-to-worse
incorrigibly, indelibly, a living lifestyle
of lunatic logic ! Lunatic logic !!
(you own it) lunatic logic ! (you are it) lunatic logic !!
4. Everyone else can see it, everybody else knows
like the emperor who hasn't any clothes.
But for one who's never wrong, everyone just plays along
nodding with a grain of salt that every fault is your foe's,
In your lunatic logic ! Lunatic logic !!
It's your lunatic logic ! *It's your own* lunatic logic !!

[REPREAT HOOK, TO FADEOUT]
